	18 March 1985	
MEMORANDUM FOR:	Director of Central Intelligence Deputy Director of Central Intelligence	
FROM:	David B. Low National Intelligence Officer at Large	
SUBJECT:	13 March 1985 Intelligence Community Briefing for the Presidential Chemical Warfare Review Commission	25X1
told by Ambassac that the briefin we had prepared various points of various issues.	ne briefing last Wednesday (see Agenda attached), I was dor Stoessel, who is acting as chairman of the Commission, ag was excellent. He was particularly pleased that, while a coordinated text for the briefings, we allowed the of view held by DIA, Army, CIA, etc., to be aired on the General Cavazos, a member of the Commission, also 'you guys are really telling it straight."	25 <b>X</b> 1
2. I suppose Army/OACSI and I the briefings. they did not fee the briefings.	se it was predictable that now the hard-line elements in OIA are unhappy with how the Commission has interpreted We now hear that a "consensus" of the Commission is that el a sense of urgency about the CW threat as a result of DIA and OACSI evidently feel that presenting the worst ventional CW threat is essential to approval of the binary	25X1

4. I can give you a firmer recommendation when I see the final memo, but my immediate impression is that we should not allow ourselves to be dragged more deeply into this quagmire. Having given it our best shot, we might as well let DIA and the Services do what they wish by way of further briefings for the Commission.

INSIGHT INTO FRENCH POLICY GOVERNING CHEMICAL WARFARE DETERRENCE AND ARMS CONTROL EFFORTS IN GENEVA, BUT STRESSED THAT THEIR COMMENTS WERE NOT FOR DIRECT ATTRIBUTION. FRENCH INDICATED THAT OFFICIAL POLICY WAS TO SEEK NEGOTIATED SOLUTION TO CW PROBLEM, BUT IN THE INTERIM AND IN FACT EVEN IN THE EVENT THAT THE GENEVA NEGOTIATIONS SUCCEEDED, FRANCE WOULD CONTINUE TO EMPHASIZE PROTECTIVE MEASURES/EQUIPMENT FOR FRENCH FORCES, CW RESEARCH. AND CAPABILITY FOR RAPID PRODUCTION OF CW MUNITIONS. REGARDING THE LATTER, FRENCH STRESSED THAT

SECRET

THE DECISION BY POLITICAL AUTHORITIES TO PRODUCE CHEMICAL WEAPONS WOULD NOT NECESSARILY DEPEND ON THE ADVENT OF HEIGHTENED TENSIONS IN EUROPE OR RISK OF IMMINENT CRISIS. FRENCH POLICY BASED ON CONCERNS REGARDING APPARENT SHIFT IN SOVIET CHEMICAL WARFARE STRATEGY TOWARD SELECTIVE, TACTICAL USE; THE PROLIFERATION PROBLEM; THE POSSIBILITY OF BREAKOUT FROM ANY AGREEMENT BANNING CW; AND THE PROBABLE LACK OF ADHERENCE BY SOME COUNTRIES TO SUCH AN AGREEMENT. ON ARMS CONTROL. THE FRENCH REITERATED THEIR SENSITIVITIES TO THE INTRUSIVENESS OF ARTICLE 10 VERIFICATION MEASURES, AND STRESSED NEED TO TAKE MORE CAREFUL LOOK AT COMPLEXITIES OF THE 10-YEAR REGIME FOR REDUCTION/ELIMINATION OF CW ARTICLE 6. ON THE U.S. MODERNIZATION PROGRAM, FRENCH ACKNOWLEDGED THAT THE PRODUCTION OF BINARY MUNITIONS WOULD CERTAINLY ENCOURAGE THE SOVIETS TO NEGOTIATE MORE SERIOUSLY IN GENEVA; BUT THEY WERE HIGHLY SKEPTICAL REGARDING POSSIBLE EUROPEAN ROLE IN ANY POTENTIAL DEPLOYMENT SCHEME. END SUMMARY.
